## About the PLC

Since 1995 the PLC has been the voice of the logging industry in Maine, and in 2023, the organization expanded to represent timber harvesting and hauling businesses in the Northeast. The PLC is the region's only trade organization which exists to give independent logging contractors and sole proprietors a voice in the rapidly changing forest industry. Our Board is made up entirely of loggers, making us a logging organization that is run by loggers for loggers.

From the outset, PLC has focused on logger advocacy, safety, quality operations and business innovation. Our members realize that harvesting is more than just cutting trees. They are highly skilled, business professionals and are an integral part of the region's economic engine. Our members do their best in the woods and are committed to excellence in the logging industry, "Professional Loggers".

The PLC of the Northeast partners with the American Loggers Council, Forest Resources Association, the Maine Motor Transport Association to ADVOCATE being a voice in Augusta, Montpelier and Washington DC that speaks for Loggers. COMMUNICATE the message that logging is good for everyone. Harvesting trees provides jobs for millions of Americans and working forests are essential for a healthy environment, providing clean air, clean water, and wildlife habitat. CULTIVATE relationships in the business community to provide members with a competitive edge. INNOVATE by helping our members create opportunities to position them competitively in the marketplace and COLLABORATE to work with other forest industry groups on issues where we agree, but standing strong for loggers when we don't.

In 2000, the PLC created the world's first 3rd party certification program, Northeast Master Logger® Certification. Today, the Northeast Master Logger program is represented in 20 states and 3 countries. The PLC is also a founding member of the American Loggers Council (ALC) and works with the ALC to influence federal legislation. This includes increasing the weight limit on I-95 north of Augusta to 100,000 pounds. In Maine the PLC has been responsible for giving loggers tax exempt status for parts & equipment and for securing funding for the state's first post-secondary mechanized harvest operator training program.

## PLC Mission:

Promote logging as a profession, advocate for logging professionals, cultivate responsible forest management, promote safe working practices and sustain a strong forest products industry. Innovative and creative, and are always developing new ways to overcome obstacles.

## PLC Vision:

The Northeast's loggers are well qualified to meet future challenges. They have a tremendous work ethic, a diverse set of skills, many years of experience, exceptional problem-solving abilities, perseverance; are innovative and creative, and are always developing new ways to overcome obstacles.

Although many challenges lie ahead, the future is bright for the Northeast's highly adaptive, talented and evolving logging industry. A unified PLC will work to sustain timber, wood, and fiber production as a core of the region's economy; promote safe working conditions; provide stable, well-paying forest products employment; supports recreation and tourism; protects air and water quality; and maintains wildlife and plant habitats within its forests.

## **Dana Doran, Executive Director PLC**

Dana Doran is a native Mainer and has significant ties to the forest products industry in Maine. He has served the PLC in this capacity since 2014. Since returning to Maine in 1999, he has cultivated his passion for timber both professionally and personally. He is a member of the Maine Woodland Owners and has owned two woodlots that have been recognized by the American Tree Farm System. He has also had a unique opportunity to serve in several positions with a diverse set of organizations, both public and private, in Washington, D.C. and in Central Maine where logging was a topic of his work on various occasions.

From 1998-1999, Mr. Doran worked as a political appointee for then President William Clinton in the United States Department of Labor. From 1999-2001, he served Governor Angus King as Assistant Commissioner of Public Affairs for the Maine Department of Labor. In 2001, Mr. Doran joined Central Maine Power Company as their Director of Business Development, acting in this capacity until 2003. From 2003-07, Mr. Doran taught social studies and coached varsity basketball at Gardiner Area High School. His most recent position was as Director of Energy and Paper Programs at Kennebec Valley Community College in Fairfield, Maine. Mr. Doran held this position since 2010 and also served as Director of Resource Development for the college from 2007-10. Mr. Doran is a 1996 graduate of Lafayette College, Easton, Pennsylvania, where he earned a B.A. in History/Government and Law. He was awarded an M.P.A. with a focus on Public Administration from the University of Connecticut in 1998. He and his family currently reside in Belgrade, Maine.

Office: (207) 688-8195 [dana@plcloggers.org](mailto:dana@plcloggers.org)

## **Jessica Clark, Deputy Executive Director for Membership & Operations**

Jessica Clark has more than 12 years of business experience owning and managing several successful franchise locations throughout the Central Maine area. She has also spent over ten years with the Gardiner Main Street program Board of Directors.

Jessica is a 2002 graduate of Thomas College, where she earned a B.S. in Finance and Economics. She was also awarded an M.B.A. in Finance and Economics from Thomas College in 2003. She lives in Vassalboro, ME with her husband and son.

Ms. Clark has an extensive understanding of the logging industry as a result of family ties to the profession and eight years of experience with the PLC.

Office: (207) 688-8195 [jessica@plcloggers.org](mailto:jessica@plcloggers.org)

## Staff, Cont.

### **Ben Grant, Deputy Executive Director of Legislative & Public Affairs**

Ben Clark joined the PLC staff in November 2023. Mr. Grant has more than a decade of experience in legislative and public affairs, most recently as Senior Legislative Aide for the Republican Office in the Maine House of Representatives. He previously served as Director of Public Affairs for Dirigo Partners of Cumberland, ME, a legislative aide in the Maine House, and as Acting State Director of StudentsFirst, a nonprofit organization based in California. Mr. Grant also was a self-employed blueberry harvester owner and operator for two years prior to starting his professional career. Mr. Grant is a 2010 graduate of Thomas College in Waterville, ME, where he earned a B.S. in Sport Management with a Marketing Concentration. He has an extensive understanding of legislative affairs, advocacy, and communications. Office: (207) 688-8195 [ben@plcloggers.org](mailto:ben@plcloggers.org)

### **Donald Burr, Safety & Training Coordinator**

Donald Burr joined the PLC in 2018 to coordinate PLC's safety and training portfolio. Don has more than 20 years of experience as a logger, primarily as a feller buncher operator for Madden Timberlands. He also has extensive experience supervising crews and working with landowners and their foresters. He has assisted in safety training instruction and program development. Don also has 30 years of experience responding to emergencies as a small-town volunteer Firefighter and EMT. For the last five years, Don has also served as lead instructor and coordinator for the Mechanized Logging Operations and Forest Trucking Program – a partnership between the PLC, industry, and the Maine Community College System – a role he will continue for the foreseeable future. Office: (207) 688-8195 [safety@plcloggers.org](mailto:safety@plcloggers.org)

### **Reneè Wright, Membership Services Coordinator**

Reneè Wright joined our staff in November 2023. Ms. Wright is a resident of Skowhegan and has more than five years of experience in office management, safety roles, and rental operations management for a heavy equipment dealership in Skowhegan, where she worked frequently with logging contractors. Prior to that she worked as a park ranger at Lake George Regional Park in Skowhegan. She is a 2019 graduate of Unity College in Unity, ME with a BS in Conservation Law Enforcement. Office: (207) 688-8195 [renee@plcloggers.org](mailto:renee@plcloggers.org)

### **Vanessa Tillson, Office Coordinator**

Vanessa Tillson joined the PLC staff in December of 2021. Vanessa is a resident of Sidney and she has a strong background in the logging and trucking industry. As Office Coordinator, Vanessa is coordinating the daily administrative affairs of the PLC and working closely with all PLC staff. Her resume includes working as a CNA (certified nursing assistant), as a behavioral tech in RSU 18 and working as the Office Administrator for Laney Chiropractic Clinic in Augusta. Office: (207) 688-8195 [office@plcloggers.org](mailto:office@plcloggers.org)

# Northeast Master Logger® Certification & TCNEF

The Trust to Conserve Northeast Forestlands (TCNEF) is a 501(c)3, non-profit conservation organization, dedicated to supporting exemplary forest professionals; acknowledging those who are highly trained and open to third party certification; and increasing partnerships by acknowledging common goals among landowners, loggers, foresters, and ecologists.

TCNEF was formed by the Professional Logging Contractors of Maine in 2003 to administer the Maine Master Logger® Certification (MLC)

Program®. In 2007 the Maine program merged with the Southern New England program to become the Northeast Master Logger® Certification Program and now serves the six New England States and New York. Northeast MLC has been recognized by industry, government and the end-users of forest products as a rigorous and credible system for the independent, third-party certification of harvest practices.

In addition to the Northeast Master Logger® Program, TCNEF serves as an administrator for a group Forest Stewardship Council® (FSC®) Chain of Custody certification as well as an FSC-certified group certificate for Forest Management. Under this group arrangement, logging companies can inexpensively gain access to FSC markets. These certifications serve to provide market-based recognition for loggers practicing sustainable and ecologically responsible forest management practices.

These efforts were initiated by forest products harvesters. They have demonstrated, through the success and growth of the Northeast Master Logger® Certification program, their keen interest in transforming a primarily extractive industry into a productive use of forest resources that supports the longevity of a unique profession, the survival of rural communities and is accountable to any concerns about environmental and ecological integrity that may be encountered.

## Ted Wright, Executive Director TCNEF

Ted Wright is the Executive Director of the Trust to Conserve Northeast Forestlands (TCNEF), he joined the organization in 2015. TCNEF oversees the Northeast Master Logger® Certification program and manages Forest Stewardship Council (FSC) certificates for landowners and loggers. Mr. Wright currently sits on the FSC-US Board of Directors in the social chamber, which allows him to advocate for loggers and rural communities on forest certification issues.

Mr. Wright grew up in Aroostook County on a potato farm in Littleton, ME within sight of the Canadian border. He first became interested in logging through a friend, and began harvesting wood from the farm and discovered he really enjoyed logging. Mr. Wright attended the University of Maine at Fort Kent and graduated in 2005 with an associates degree in Applied Forest Management and a bachelor's degree in Environmental Studies, then went to work at Louisiana-Pacific in Houlton for a year. He then took a job at the Region Two School of Applied Technology in Houlton teaching in their Wood Harvesting/Forestry program for seven years before accepting the TCNEF Director's job. He and his wife, Maggie, and children, Madigan and Ben, currently live in Brunswick.

## Sydney Andersen, Program Manager TCNEF

Sydney Andersen is the new Program Manager for the Trust to Conserve Northeast Forestlands (TCNEF). She joined the organization in January 2024, and is looking forward to working with loggers to meet their professional goals. Ms. Andersen grew up in Oregon, where she graduated from Oregon State University with a bachelor's degree in Forest Engineering. During her studies, she took the opportunity to study abroad in Belgium, Québec, and New Zealand. While in Québec, Ms. Andersen fell in love with the East Coast. After three years of serving on the Board of Directors for the Lincoln Soil and Water Conservation District and five years of working in forestry on the West Coast, she decided to pursue a career and livelihood in the Northeast. She currently lives in Topsham, ME where she is enjoying the next chapter of her life.

# PLC Bylaws

## PROFESSIONAL LOGGING CONTRACTORS of the Northeast

### ARTICLE I: NAME and PURPOSE

#### Section 1:

**Name** The name of this organization shall be the PROFESSIONAL LOGGING CONTRACTORS of the Northeast.

Section 2: **Purpose** The PROFESSIONAL LOGGING CONTRACTORS of the Northeast (PLC-NE) is an organization representing independent logging and forest products trucking contractors formed to:

Promote professional conduct among loggers in the northeastern United States.

Provide a forum for the resolution of issues of concern to logging contractors through advocacy, communication, education, and legislation.

Promote compliance with forestry and harvesting practices which maintain sustainable forestry levels.

Promote safe work practices to lower risk and increase profitability on behalf of its members.

### ARTICLE II: MEMBERSHIP

Section 1: **Members** Members of the PLC-NE shall be logging contractors, affiliated contractors, and forest contractors in the northeastern United States that are primarily engaged in harvesting, processing, chipping, grinding, road building and transportation of/for forest products. All contractor members must maintain current workers' compensation insurance. Logging contractors, whose businesses are primarily engaged in timber harvesting and are responsible for harvesting operations from stump to roadside, are board eligible, have voting rights and can take advantage of all of the PLC's member benefits.

**Affiliated contractors and forest contractors** are not board eligible, do have voting rights and can take advantage of PLC's member only benefits.

**Supporting Members** Supporting Members of the PLC-NE shall be value added processing mills, land management companies, vendors and associated businesses that sell products and services to the industry. Supporting Members are not board eligible, do not have voting rights and cannot take advantage of the PLC's member only benefits.

**Section 2: Qualifications** To qualify as a member, a contracting firm must satisfy the PLC-NE that its goals and objectives are primarily directed at the benefit and enhancement of independent logging businesses that are primarily engaged in the harvesting, processing, chipping, grinding, road building and transportation of/for forest products. As a condition of membership, a qualifying member must agree to meet or exceed the standards and principals within PLC-NE's "Logger's Code of Practice". The PLC-NE may also from time to time require Members to comply with certain conditions of membership which are aligned with professional conduct. Where there are questions about membership, a contractor may petition the PLC-NE on a case by case basis.

**Section 3: Dues** Dues and assessments, if any, may be established by majority vote of the Board of Directors.

**Section 4: Application for Membership** All applications for membership must be submitted on a form provided by the PLC-NE.

**Section 5: Annual Meetings** The annual meeting of the Members shall be held on the 1st Friday in May at a time and place designated in the notice of the meeting. At such annual meeting, the Members shall elect a Board of Directors, consider reports of the affairs of the organization and transact such other business as may be properly brought before the meeting.

**Section 6: Special Meetings** Special meetings of the Members may be called at any time by the President, a majority of the Board of Directors, or by the Secretary at the request of not less than one-fourth (1/4) of the Members entitled to vote at such meeting.

**Section 7: Notice of Meetings** Written notice of each annual and special meeting of Members stating the place, date and hour of the meeting, and, in the case of a special meetings, the purpose for which the meeting is called, shall be given to each Member of record entitled to vote thereat no less than ten (10) days before the date of the meeting, either personally, or by first class mail. If mailed, such notice shall be deemed to be timely delivered if deposited in the United States mail, addressed to the Member at his or her address as it appears in the records of the organization, with postage prepaid, at least three (3) days before such notice is due.

**Section 8: Quorum** A majority of the members entitled to vote, present in person or represented by proxy, shall constitute a quorum for the transaction of business of all Members' meetings. If a quorum shall not be present or represented by proxy, a majority of the Members present in person or represented by proxy, may adjourn the

## PLC Bylaws, Cont.

meeting from time to time without further notice until a quorum shall be present in person or represented by proxy. At such later meeting at which a quorum shall be presented or represented by proxy, any business may be transacted that might have been transacted at the meeting as originally called. The Members present at a duly called meeting may continue to transact business until adjournment, notwithstanding the withdrawal of enough Members to result in less than a quorum. If a quorum is present, the affirmative vote of a majority of the Members represented at the meeting and voting on the subject matter shall be the act of the Members, unless the vote of a greater number is required by these Bylaws.

**Section 9: Proxies** Each person entitled to vote at a Members' meeting, or entitled to execute a written consent authorizing action in lieu of a meeting, may do so either in person or by proxy executed in writing by the member or by his duly authorized attorney in fact. No proxy shall be valid after eleven (11) months from the date of its execution.

**Section 10: Vote** Each contractor Member shall be entitled to one (1) vote in the affairs of the PLC-NE.

**Section 11: Action by Members Without a Meeting** Any action required or permitted to be taken at a Members' meeting may be taken without a meeting if a written consent setting forth the action so taken is signed by all Members entitled to vote with respect to the subject matter thereof. Any such consent shall be inserted in the minute book as if it were the minutes of a Members' meeting.

**Section 12: Telephonic Meeting** The Members may participate in a meeting of the Members by means of conference telephone or similar communications equipment, during which meeting all persons participating in the meeting can hear each other at the same time. Participation by such means shall constitute presence in person at a meeting.

### ARTICLE III: BOARD OF DIRECTORS

**Section 1: Number/Term** The Board of Directors shall consist of not less than twenty (20) from Maine, three (3) from VT and no more than two (2) from other states in the northeast. A Director's term shall be for no more than three (3) years.

**Section 2: Authority** The Board of Directors shall establish policy and direct the affairs of the PLC-NE. There shall be no alternates/substitutes for members of the Board of Directors at any of their meetings.

**Section 3: Powers** The business and affairs of the organizations shall be managed by the Board of Directors which shall exercise or direct the exercise of all powers except to the

extent member authorizations is specifically required by law or by these Bylaws. The Board of Directors shall be the final authority on all matters regarding membership.

**Section 4: Place of Meeting** Meeting of the Board of Directors shall be held at such place or places as may be designated from time to time by the Board of Directors or as shall be specified in the notice of any such meeting.

**Section 5: Annual Meeting** The Board of Directors shall meet for the election of officers and the transaction of other business, immediately after each annual meeting of the Members, on the same day and at the same place where such annual meeting shall be held. Notice of such meeting need not be given. In the event such meeting is not so held, the annual meeting of the Board of Directors may be held at such other time or place as shall be specified in a notice thereof give as provided in Section 8 of this Article III.

**Section 6: Regular Meetings** Regular meetings of the Board of Directors shall be held at such time and place as the Board of Directors may set. Notice of regular meetings of the Board of Directors need not be given except as otherwise specifically required by law or by these Bylaws.

**Section 7: Special Meetings** Special meetings of the Board of Directors for any purpose or purposes may be called at any time by the President, or by a majority of the Directors.

**Section 8: Notice of Special Meetings** Written notice of each special Board of Directors meeting shall be given at least ten (10) days before the meeting. Notice shall be deemed given upon receipt, or upon mailing, postage prepaid, at least thirteen (13) days prior to the date of the meeting. Any Director may waive notice of any meeting. The attendance of a Director at a meeting shall constitute a waiver of notice of such meeting, except when a Director attends a meeting for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened. The business to be transacted at the special meeting of the Board of Directors shall be specified in the written notice of the meeting.

**Section 9: Quorum** A majority of the number of Directors specified in Article III, Section 1 of these Bylaws shall constitute a quorum for the transaction of business.

**Section 10: Manner of Acting** The action of a majority of the Directors present at a meeting at which a quorum is present shall be the act of the Board of Directors, unless the vote of a greater number is required by these Bylaws or by the laws of the State of Maine that govern this organization.

**Section 11: Attendance at Board of Director's meetings by PLC Members** PLC Board

## PLC Bylaws, Cont.

of Director's meetings may be attended by any PLC member in good standing. However, only elected members of the Board of Directors may vote, as outlined in Article III, Section 2, on any matters before the Board. The Board may at its discretion adjourn into "Executive Session" to discuss confidential matters. At that time, anyone not a member of the Board of Directors will be asked to leave the proceedings until such time as the Executive Session is adjourned.

**Section 12: Attendance at PLC Board of Director's meetings by invited guests** A member of the PLC Board of Directors may invite a non-PLC member as a guest to a Board of Directors meeting, upon advance notice to PLC Staff. Such notice should be given two (2) weeks in advance of the regularly scheduled quarterly PLC Board of Director's meeting so staff can add the guest to the agenda. Guests may be asked to leave the meeting, should the Board enter into discussion of any matters deemed to be of a confidential, non-public nature.

**Section 13: Board Eligibility** Logging Contractor members, in good standing, is the only level of membership that is board eligible. Logging Contractor members are responsible for harvesting operations from stump to roadside.

### ARTICLE IV: EXECUTIVE COMMITTEE

**Section 1: Composition** The PLC-ME's Executive Committee shall consist of the four elected officers and the immediate Past President. Executive Committee members must be Board members in good standing.

**Section 2: Authority** The Executive Committee shall have and may exercise the powers of the Board of Directors in the management of the business affairs and property of the PLC-NE during the intervals between meetings of the Board of Directors. Any such action taken by the Executive Committee shall be ratified or rescinded at the next duly held meeting of the Board of Directors. Failure of the Board of Directors to act shall constitute ratification of action by the Executive Committee.

**Section 3: Quorum** Four (4) members of the Executive Committee shall constitute a quorum. In the event of a tie vote, the President's vote shall count twice. No proxy votes will be allowed for determining a quorum or for deciding any matter before the Executive Committee.

### ARTICLE V: OTHER COMMITTEES

**Section 1: Standing Committees** The standing committees of the PLC-NE shall be a Membership Committee and a Nominating Committee. The Board of Directors may designate such other committees as they deem appropriate.

Section 2: **Composition** Composition of all committees shall be appointed by the President and ratified by the Board of Directors at a duly held meeting thereof.

Section 3: **Minutes/Notice** Committee Chairs shall ensure that meeting notices are delivered in a timely fashion and that minutes are taken, finalized and distributed to the committee Members and to the Board of Directors.

Section 4: **Miscellaneous** The Board of Directors may designate one or more directors as alternate members of any committee, who may replace any absent or disqualified member at any meeting of the committee. Each committee shall serve at the pleasure of the Board of Directors. Each committee shall have such name as may be determined from time to time by resolution adopted by the Board of Directors. The designation of any committee and the delegation of authority thereto shall not relieve the Board of Directors, or any member thereof, of any responsibility imposed by law or by these Bylaws.

#### ARTICLE VI: OFFICERS

**Section 1: Election and Term** The officers of the PLC-NE shall be a President, First Vice-President, Second Vice-President, Secretary, and Treasurer. They shall each be elected for a two-year term by the Board of Directors at the annual meeting thereof. No officer may serve more than three (3) successive terms.

Section 2: **Qualification** Only Members or employees thereof shall qualify to serve as officers.

Section 3: **Vacancy** In the case of the absence of any officer, or for any other reason the Board of Directors may deem sufficient, the President of the PLC-NE may delegate for the time being the powers or duties of such officer to any other officer or director.

Section 4: **Removal** The Board of Directors at any meeting called for that purpose, may by majority vote of the full Board, remove officers with or without cause.

Section 5: **Resignation** Any officer may resign at any time by giving written notice of his/her resignation to the Board of Directors. Any such resignation shall take effect at the time of receipt thereof or at any later time specified therein, and unless specified therein, the acceptance of such resignation shall not be necessary to make it effective.

Section 6: **Duties of President** The President shall be the Chief Executive Officer. The President shall preside at all meetings of the Members, the Board of Directors, and the Executive Committee. The President shall have all of the general powers and duties which are usually vested in the office of the president of a nonprofit organization.

## PLC Bylaws, Cont.

**Section 7: Duties of the Vice-Presidents** The Vice-Presidents shall have all of the powers and authority to perform all of the functions and duties of the President, in the absence of the President or in the President's inability for any reason to exercise such powers and functions or perform such duties. The First Vice-President shall assume the President's duties first, and the Second Vice-President shall assume such duties second, if the First Vice-President is unable to perform.

**Section 8: Duties of Secretary** The Secretary shall keep the minutes of all the meetings of the Board of Directors, the Executive Committee, and the Members. The Secretary shall have charge of such books and records as the Board of Directors may direct; and shall in general perform all of the duties incident to the office of Secretary. The Secretary shall compile and keep up-to-date a complete list of Members and their current addresses and voting rights. Such list shall be open to inspection by all Members and other persons lawfully entitled to inspect the same at reasonable times during regular business hours.

**Section 9: Duties of Treasurer** The treasurer shall have responsibility for funds, shall keep the financial records and books of the account of the organization, and shall be responsible for keeping full and accurate accounts of all receipts and disbursements in the name and to the credit of the organization in such banks or depositories as may from time to time be designated by the Board of Directors. The Treasurer shall also keep such books of account as the Board of Directors may direct. A report of the financial condition of the corporation shall be made by the Treasurer to the President whenever requested and a report of like character shall be submitted by the Treasurer at the annual meeting of the Board of Directors. The Treasurer shall also perform such duties as are required by law or by resolution of the Board of Directors.

**Section 10: Surety Bonds** The Board of Directors may require any officer or agent of the organization to execute a bond in such sum and with such surety or sureties as the Board may determine, conditioned upon the faithful performance of their duties to the organization, including responsibility for negligence or willful misconduct.

### ARTICLE VII: INDEMNIFICATION OF DIRECTORS AN OFFICERS

**Section 1: Indemnification** The organization shall indemnify every director and officer against all loss, costs and expenses, including Attorneys' fees, reasonably incurred in connection with any action, suit or proceeding to which such person may be made a party by reason of being or having been a director or officer of the organization, except as to matters wherein the officer or director is ultimately adjudged to be liable for gross negligence or willful misconduct.

### ARTICLE VIII: ANTITRUST VIOLATIONS PROHIBITED

**Section 1: In General** Any meeting or other assembly of the PLC-ME may create potential antitrust risks which may provide opportunities for producing illegal agreements. The PLC-NE specifically repudiates any act which may be a violation of antitrust law. All Members, Directors, and Officers are prohibited from initiating or participating in any communication which might be in violation of the antitrust laws. If any Member, Director, or Officer becomes aware that such communications are occurring, he or she must leave the gathering immediately and report the incident to the Board of Directors.

**ARTICLE IX: MISCELLANEOUS**

**Section 1:** These Bylaws may be altered, amended, or repealed by a majority vote of the Board of Directors, provided that notice of such proposed amendment or repeal has been given to each Director by mail at least ten (10) days before the meeting.

**Section 2: Amendment to Bylaws**

**Copies of Records** All Members shall have the right to obtain copies of these Bylaws, any and all annual reports, and other financial data pertaining to the organization.

**Section 3:**

**Compensation** All Directors and Officers shall serve without salary or compensation.

Amended BYLAWS adopted this 5th day of May, 2023.

# MASTER LOGGER CERTIFICATION

A Must for the Professional Logging Company

Why should you certify your logging company?

TO SHOW YOUR CLIENTS AND THE PUBLIC YOU MEAN BUSINESS

- ◊ Third party verification to Set Your Company Apart
- ◊ Promotion to landowners and mills -Visibility
- ◊ Personal Growth & Pride
- ◊ Lower Workers' Comp. rates
- ◊ Preferential treatment on bids (some states)
- ◊ Provide chain of custody to your suppliers

masterloggercertification.com  
Call 207-688-8195 to get started  
Or email [sydney@tcnef.org](mailto:sydney@tcnef.org)

## Did you know?

**ALL logging employees of Master Logger Certified (MLC) in ME, NH & VT companies receive the certified logger rate for workers' compensation insurance. This can be a savings of thousands of dollars a year for MLC companies!**

**E-mail [sydney@tcnef.org](mailto:sydney@tcnef.org) or call 207-688-8195 FMI.**

# Contractor Membership Benefits

## Membership Eligibility:

**Logging Contractor** - responsible for stump to roadside - eligible for Board Membership, voting member, dividend eligible.

**Affiliated Contractor** - not responsible for timber to roadside, but includes, owner-operator/sub contractor, chipping contractor, slashing contractor, chip mill or sole proprietor w/ pre-determination letter (must be Master Logger® certified) —not eligible for Board membership, voting membership, insurance dividend eligible.

**Forest Contractor** - trucking of or forest road construction, 50% of more of business is from forestry operations—not eligible for Board membership, voting membership, insurance dividend eligible.

- ◆ Access to the Acadia Insurance Safety Dividend Program.\* This is an insurance program where logging companies and sole proprietors can be rewarded for having a safe workplace by receiving sustainable refunds of their insurance premium. To date, this PLC program has returned over \$14 Million to our members
- ◆ Membership in the American Loggers Council, PLC is one of the founding members. You can access ALC Loggers on-line - [www.amloggers.com](http://www.amloggers.com)
- ◆ Access to the Loggers Voice— Our magazine strives to raise the level of professionalism within the logging community in the Northeast. Gain from legislative updates, safety suggestions as well as the latest happenings within our industry. Published quarterly.
- ◆ Supporting Member discounts for PLC Members - See list on page 85
- ◆ PLC provides strong representation and advocacy in state capitols and in Congress on key issues affecting your business. You will receive timely email updates explaining current legislation, what PLC is going on your behalf and actions you can take to help.
- ◆ Take advantage of FREE safety training and other workshops providing an opportunity to network with other loggers, venders and associates who share a vested interest in the success of our industry.

# Contractor Member Services

PLC offers a broad spectrum of membership programs, which are highly valued by loggers, truckers and forest contractors. Membership benefits comprise sought-after programs, governmental affairs, industry relations, communications, safety training, member discounts, public relations, technical assistance, and community service.

## **Governmental Affairs**

Objective: To assure a future timber supply to be logged under fair contracts and regulations, and to help maintain cost effective, safe and sustainable timber harvesting which is environmentally sound.

- Analysis and input on state & federal policy-making for forestry, insurance, and other small business matters.
- Maintain communications with legislative and congressional delegations.
- Represent regional loggers as a founding member of the American Loggers Council.
- Uphold networking with grassroots citizens groups and provide support for their efforts.
- Cooperate with allied forestry associations to influence favorable timber availability and harvest practices.
- Provide for loggers' input in the regional Legislature, and advance bills benefiting logging business.
- Assure logger positions are represented on federal legislation in the US Congress.

PLC plays an important role in influencing favorable law-making for the logging business, as well as stopping bad legislation by the Legislature and US Congress.

## **Government Rulemaking**

Assuring that public agencies develop and administer forest business regulations that are advantageous to loggers. PLC represents the logging industry with procedures such as the Maine Forest Practices Act, state and federal administrative rule-making, Board of Forestry, endangered species, OSHA, Bureau of Labor & Standards and Workers' Compensation Division.

## **Forest Policy**

PLC members are represented in many other public policy issues that affect logging businesses such as: forest practices, insurance matters, tax policy, OSHA inspections, labor concerns, forestry incentives, industrial fire regulations, timber trespass, safety issues, law enforcement, liability matters, Governor's resource policy, land-use planning and land exchanges.

# Contractor Member Services, Cont.

## **Operations Liaison**

PLC works with federal and state agencies to improve operational conditions for the logging industry. If a PLC member experiences problems in areas such as forest practices rules, sale layout, safety, contract interpretation or other related matters, they should contact the PLC office for assistance.

## **Industry Communications**

Objective: Keep members up-to-date on current events affecting the logging industry in the areas of political events, government regulations, forest landowner issues, matters of general business operations and to offer opportunities for members to discuss these and other issues.

- Quarterly Printed Newsletter
- Weekly E-mail Newsletter
- Active Facebook presence
- Special Publications and Action Alerts
- Booth at Maine & Vermont Logging Expo and Other Functions
- Logger Recognition Programs
- One-On-One Contact for special needs
- Represent logger interests with forest industry organizations
- PLC Website
- Offer logger training and education sessions

## **Annual Meeting**

In May, the PLC membership gathers for an Annual Meeting designed to keep loggers better informed about new trends in logging and issues affecting their businesses. There are also sessions on business management and opportunities to hear leaders of government and industry speak about issues surrounding logging.

## **Training**

Each year in the spring, PLC hosts Logging Safety Meetings at numerous locations throughout the Northeast.

Other seminars on issues, procedures and PLC services are held throughout the Northeast during the year.

## **Public Relations**

Objective: To carry out public information and education communication programs that promote timber harvesting and issues important to loggers.

## Contractor Membership Services, Cont.

- Organize programs that promote timber harvesting, forest stewardship and logger stature
- Media public relations program including news releases and conferences
- PLC website providing logging and forestry information
- Speaking engagements at group meetings of outside organizations
- Support local educational events that further loggers' goals
- Promote public education on balanced forest resource management
- Support effective forest information and education programs of allied organizations
- Develop educational materials for students, PLC members and the public
- Cooperate with allied forest associations in climate building for active forest management

The PLC has a long-term public relations program with the objectives of enhancing the logging industry image, building public acceptance of logging, and providing the facts about our forests.

### **Technical Assistance**

Objective: To provide consultation, when requested, to facilitate the conduct of the loggers' operations.

- Provide on-site input at logging operations
- Represent loggers with OSHA
- Provide for logging safety and training support programs
- Act as loggers' representative, when requested, with agencies, purchasers and forest owners
- Act as liaison for general forest industry problems
- Work with higher education and others on logging research and development

### **Community Service**

Objective: Support worthwhile benevolent opportunities for logger involvement and service to their communities in ways that spotlight logger commitment, pride and professionalism.

- Sponsor Log A Load For Kids fund-raising campaigns in Maine to benefit children in the Maine Children's Miracle Network hospitals
- Sponsor a Maine Community College Scholarship Program for students studying to prepare for a career in the logging industry through the Mechanized Logging Operators and Forest Trucking Program

## 2022-2023 Annual Report

2022-23 continued a trend that began in 2021 where high inflation, including record high diesel prices, and a lack of consistency with respect to pulp prices continues to wear on the profitability of contractors, and many are leaving or are considering leaving the business as a result. Contractors are a very proud and generous group, and despite the hurdles, they love what they do and will do everything they can to continue their way of life despite the obstacles.

In March of 2023, the PLC published its third economic impact study, “The Economic Contribution of Logging and Trucking in Maine,” in conjunction with the University of Maine. The study’s findings substantiate what has happened over the last three years because of the impacts of COVID 19 and the shutdown of the digesters at the Jay mill. We are estimating that Maine has lost 30% of its harvesting capacity and the layoff of nearly 1,000 people in harvesting and hauling since 2020. In just four years, the industry has shrunk from an annual economic impact of \$620 million to \$582 million and total jobs have been reduced from 9,000 to 5,500.

Also in March of 2023, the PLC implemented its annual safety training schedule for training more than 1,000 individuals at 11 locations throughout the state. Additionally, because of a new grant from the Maine Community College, the PLC has been able to create a new training database for its membership and will provide free membership dues for any member that sent more than 50% of their staff to a training in 2023.

Safety, training, and loss control are major priorities for the PLC. The PLC’s relationship with Acadia Insurance is also a key component of why the PLC is so invested in reducing risk for its membership and ensuring claims are kept at a minimum to help contractors remain profitable. The Acadia Insurance relationship is significant, and it was announced last fall that the Acadia Dividend program provided a dividend check to eligible members for the seventh straight year. \$970,000 was returned to members in 2022 and over \$13 million has been returned to PLC members since the program began in 1999.

In June of 2022, the PLC, in collaboration with the Maine Community College System, kicked off its sixth cohort of the Mechanized Logging Operations Program (MLOP) in Summit, Maine. The program was created thanks to a partnership between three Maine community colleges, the PLC, and industry partners including Milton CAT and United Ag., Construction and Forestry/John Deere. MLOP gives students a broad overview of the most common mechanical systems found in modern timber harvesting equipment, and an understanding of the variables of timber growth, tree species, and markets. It also includes a strong emphasis on safety. The program graduated 10 highly trained students on September 15, 2022.

In late June 2023, the PLC will kick off its seventh cohort, which will mark a major change in the program. The 2023 program will expand to 20 weeks and in addition to the traditional hands-on operations training, all students will now be eligible to obtain their CDL license. The new program will now be called the Mechanized Logging Operations and Forest Trucking Program.

The PLC is in the midst of another busy Legislative session in Augusta in 2023. In addition to advocating for and against legislation that will hurt and help contractors, the PLC also had two priority bills sponsored on behalf of the organization to create a new logger advocate position at the Maine Forest Service (MFS) and to mandate the use of the paper Forest Operations Notification (FONS) in addition to the online system. While the advocate bill was rejected, the paper FONS must now be provided to any contractor that requests it. The current legislative session is expected to adjourn in mid-June 2023.

At the federal level, the PLC has also had a strong impact and invested a significant amount of time and attention on federal policy in the last year. The work of our organization, the American Loggers Council and our colleagues across the country, has led to the reintroduction of Youth in Logging Careers legislation, biomass energy legislation and a bill to eliminate the federal excise tax on newly purchase trucks and trailers.

A special thanks goes to the entire Maine Congressional Delegation, especially Senator Collins and Congressman Golden, for their continued leadership on issues pertaining to loggers and truckers in Maine. Additionally, the PLC's work with the Congressional delegation also led to the appropriation of \$1 million to Northern Maine Community College for the expansion of the already successful program in 2023 and the creation of a new timber hauling Commercial Drivers License (CDL) training program for students. This new funding will double the size of the program in 2024 and 2025. This is timely recognition of all the work that PLC has done to advance this industry.

Organizational membership remains strong as the PLC now has 200 contractor members and 114 supporting members. The financial position of the organization also remains strong. In 2022, the PLC was able to retire the debt on its building in Augusta and has also increased its savings by more than 50% in the last year. The future looks bright for the organization.

And lastly, the PLC has continued its leadership role as the state sponsor of the Log-A-Load for Kids Campaign; since 1995, the PLC has raised \$1.9 million for the cause. At the PLC's 27th Annual Meeting in May 2022, \$144,000 was raised, breaking the all-time annual meeting record of \$94,000 (October 2021). The PLC's golf tournaments in August and September raised more than \$100,000, which was added to the total. The 2021 total for Log A Load was \$205,000 raised and it was announced in early January that the new total for 2022 exceeded \$262,000. In 2023, the PLC will exceed more than \$2 million raised since 1995, and the generosity of Maine loggers never ceases to amaze me. The past year has been the most challenging we have ever seen in our history, but we will get through it and look forward to sustaining one of Maine's legacy industries for the future.

*Respectfully submitted by Dana Doran, Executive Director*

## 2023 Award Winners

Awards were presented to the following individuals and organizations during the evening Awards Ceremony at the 2023 Annual Meeting in Bar Harbor, ME on May 5, 2023:

**PLC Logger of the Year Award:** *This award recognizes a PLC Logging Contractor for their commitment to the sustainability of the industry and logging as a profession.*

2023 Award Winner: **WW London  
Woodlot Management Company of Milo,  
ME**

**PLC Impact Awards:**  
*Each year, the PLC recognizes someone from the public sector who has demonstrated a commitment to the industry and has made a significant impact for its improvement.*

2023 Award  
Winners:

**Maine State  
Senator  
Brad Farrin of  
Norridgewock &  
The Maine  
Forest Rangers**

**PLC Community Service Award:** *This award is given annually to a PLC member, Supporting Member or affiliated organization that has demonstrated a significant commitment to giving back to their community.*

2023 Award Winner:  
**Mike Conway of Oxford, MA**

### **Acadia Insurance Safety Award:**

*In 1999, the PLC and Acadia Insurance partnered together to make safety a priority in the logging industry by creating a member benefit for PLC contractors, providing training and education, reducing claims and increasing profitability. This award is given to a company that continuously demonstrates safety throughout their business.*

**2023 Award Winner: William A. Day Jr. & Sons Logging of Porter, ME**

**PLC Supporting Member Award:** *The PLC Supporting Member of the Year Award is presented annually to a PLC Supporting Member that has demonstrated an unprecedented commitment to logging contractors in Maine.*  
**2023 Award Winner: Chalmers Insurance Group of Cornish, ME**

**PLC President's Award:** *The President's Award is presented to individuals or organizations within the PLC which have a significant and positive impact on the PLC and the logging industry in Maine.*

**2023 Award Winner: Andy Wood of Hampden, ME**

# LOG A LOAD For Kids

The PLC has been the sponsor of the Log A Load program in Maine since 1996, when PLC's annual Log A Load for Maine Kids golf tournament began. Since 1996, more than \$2.135 million has been raised by the PLC and its partners for this amazing cause.

The PLC and the Northern Light Health Foundation have partnered in the Log A Load fund-raising effort since 1996. Funds have gone to support research and training, purchase equipment, and pay for uncompensated care, all in support of the mission to save and improve the lives of as many children in Maine as possible. Eastern Maine Medical Center in Bangor includes a Neonatal Intensive Care Unit that has received support for years from the PLC's Log A Load efforts.

The PLC holds two Log A Load golf tournaments, a southern tournament at the Kezar Lake Country Club in Lovell, Maine in addition to the northern tournament at JATO Highlands Golf Course in Lincoln, Maine. The PLC partners with the Barbara Bush Children's Hospital (BBCH) and Northern Light Health Foundation to hold the tournaments and an annual auction. BBCH in Portland and Northern Light's Eastern Maine Medical Center in Bangor are both Children's Miracle Network Hospitals.

The South Carolina Forestry Association started the Log A Load for Kids program in 1988. Originally, the concept was for loggers, wood-supplying businesses, and other industry supporters in various states including Maine to donate the value of a load of logs to their local Children's Miracle Network Hospitals.

Today, Log A Load funds impact more than 60 Children's Miracle Network Hospitals across North America. Hospitals utilize the funds based on what they need the most. Funds are often used to purchase lifesaving equipment, support therapy programs and provide charitable care.

We raised \$60,621 at the 26th Annual Log A Load for Maine Kids Golf Tournament Friday, Sept. 15, 2023 at JATO Highlands Golf Course. The PLC also held its Log A Load for Maine Kids Southern Maine Golf Tournament Friday, Aug. 25 in Lovell, raising \$47,377. The tournaments benefit Children's Miracle Network (CMN) hospitals in Maine, and are the PLC's largest annual fundraisers for charity.

Combined with \$179,693 raised at the PLC's and American Loggers Council Annual Meetings the PLC raised \$287,691 for CMN hospitals in 2023.

"It is truly inspiring that despite the many challenges facing the Northeast's logging industry, PLC's Members, Supporting Members, friends, and families rallied once again in 2023 to raise a record amount for Children's Miracle Network hospitals," Doran, said. "No matter what the conditions in the industry are, this group always reaches deep for the kids and their families." The PLC plans to expand Log A Load efforts in Vermont in 2025.

# \$287,691!

## Meet Grayson & Elliot:

“It’s been more than five years since the Wentworth family who lives in Verona learned the terrifying news that their 22 month old son, Grayson, had B-Cell Acute Lymphoblastic Leukemia.

As the hours turned into days, weeks, and months, the family leaned on their young son’s bravery for inspiration. They also found hope when Grayson’s mom learned that he’d soon be a big brother. His sister Elliot was born a couple of years into Grayson’s treatments.

As Grayson fought a scary battle with leukemia at the Raish Peavey Haskell Children’s Cancer and Treatment Center in Brewer, Elliot unexpectedly spent her first few days fighting for her life in the neonatal intensive care unit in Bangor.

Today these siblings are thriving, and it isn’t lost on their parents how critically important children’s hospitals are to kids’ health. It also is never far from their hearts how important donors are to making sure high quality health care is available for kids, close to home.”

# Mechanized Logging Operations And Forest Trucking

The Mechanized Logging Operations and Forest Trucking Program (MLOFT) is now recruiting for its next class, scheduled to begin June 24 in Fairfield, Maine. The 20-week certificate program, which now includes Commercial Driver's License (CDL) training, is Maine's only post-secondary education program for operators of mechanized logging equipment. For more information contact Donald Burr at 207-356-1541 or email [safety@plcloggers.org](mailto:safety@plcloggers.org).

Approximately 95 percent of logging in Maine now relies on mechanized equipment and it generally takes at least a year of training before an operator becomes skilled enough to run this equipment safely and efficiently. The cost for companies to train these operators themselves is approximately \$100,000 per operator. The industry also relies almost exclusively on heavy trucks to move wood.

In the last decade, the logging industry realized the majority of its operators were approaching retirement age. The MLOFT (originally the Mechanized Logging Operations Program) program was created in 2017 by three Maine community colleges, the PLC, and industry partners including Milton CAT/CAT Forest Products, and United Construction and Forestry (Nortrax Inc.)/ John Deere to address this issue. In 2023, forest trucking was added to the program and the name changed to reflect this.

Today, demand for new workers in the logging industry is higher than ever and most students in the program continue to have job offers before graduating.

The program would not have been possible without the support of Maine's lawmakers, who made funding available for it through the "Put ME to Work Program" to support creation of new job training programs at Maine's community colleges.

The program includes a strong emphasis on safety as well as giving students an understanding of the variables of timber growth, tree species, and markets. Through a grant from the Harold Alfond Center of Advancement for Maine's Workforce and the Maine Jobs and Recovery Plan, students pay no tuition or fees, and the program provides all personal protective equipment (PPE).

Students also receive \$1,000 to help with living and traveling expenses thanks to a grant from Skowhegan Savings Bank. The program also received funding in 2023 through the Maine Jobs and Recovery Plan. This year it will receive funding from a federal grant secured by Maine Congressman Jared Golden.

In 2023, 12 students graduated from the program, an 86 percent completion rate. This year's class will be the 8th since its launch.

The program continues to be possible thanks to the generous support of the industry partners named above as well as Davco, Pro-Pac, American Forest Management, Wallingford's, BBC Lands, Acadia Insurance, Haix, Skowhegan Savings Bank, Randall Madden Trucking, United Insurance, Katahdin Fire, Madden Timberlands, and Waratah.

Quality & Class come together

Maine's elected officials work for **YOU** and often rely on information from their constituents when considering important issues that affect our industry. As an organization, the PLC advocates on behalf of the industry, but those efforts are most effective when matched by **calls, letters, emails, and visits from citizens**. Such contacts have enabled the PLC to win many legislative victories benefiting loggers and the forest economy including:

- Tax exemptions for parts, equipment and off-road fuel.
- Contracts to sustain Maine biomass plants.
- Increased highway weight limits for trucks traveling north of Augusta.
- Funding for mechanized logging operator training.
- Fundamental changes to the unemployment compensation system.

---

Vermont elected officials work for **YOU** and often rely on information from their constituents when considering important issues that affect our industry. As an organization, the PLC advocates on behalf of the industry, but those efforts are most effective when matched by **calls, letters, emails, and visits from citizens**. Such contacts have enabled the PLC to win many legislative victories at the state and federal level and can do the same in Vermont. Some of those past victories include:

- Tax exemptions for parts, equipment and off-road fuel.
- Contracts to sustain biomass plants.
- Increased highway weight limits on interstate highways.
- Funding for mechanized logging operator training.
- Fundamental changes to the unemployment compensation system.

**For all your lubrication Needs**

**PURUS**

NE Safe Logger can help you keep your employees safe and lower your workers' compensation costs.

**Enroll now at [tcnef.org](http://tcnef.org)!**

## NORTHEAST SAFE LOGGER

NE Safe Logger is an entry level safety training program created by loggers for loggers.

It can help your company cultivate a culture of safety and reduce risk.

- 16 hours of interactive online training
- Prepare new employees to safely work in the woods
- Complete on a computer, tablet or smartphone
- Done at the users' own pace any time day or night
- Upon completion, participants can qualify for a discounted workers' comp. rate in ME, NH & VT
- Meets OSHA requirements for logger training

NE Safe Logger can also be used for new hires in all Master Logger companies for compliance with **Goal 6 - Workplace Safety.**

BE UNSTOPPABLE.

We never stop, so you can keep going.
